

Outreach Unit

Lead: Outreach Unit (*see Leadership Roster for Contact Information*)

Reports to: Deputy Supervisor of Programs

Last Updated: 07/06/17

The aim of Outreach is to increase the visibility of Emergency Management Programs that are offered free to the public: Take 5 to Survive, Map Your Neighborhood (MYN), and the Community Emergency Response Team (CERT). CERT members often operate a booth at community events such as city-sponsored picnics and local carnivals.

The MYN program is designed to improve disaster readiness by teaching neighbors to rely on each other before first responders arrive. MYN provides you with the training and materials needed for organizing your closest neighbors.
